KANSAS BANK ROBBERS ROUNDED UP

Six More Suspects Arrested and Large Amount of Liberty Bonds Recovered.

Kansas City, Mo., September 16.—With the arrest of six suspects, in addition to the two alleged bandits arrested by the police here last week after a spectacular duel with shotguns and pistols in which both bandits were wounded, what is believed to have been the bandits responsible for numerous bank robberies in Kansas during the last few months, now are all under arrest, according to a statement today by Fred M. Tate, local chief of the United States secret service.

The roundup of the gang, according to Tate, took operatives into Kansas through Southern Missouri and finally to Memphis, Tenn., and resulted in the recovery of a large amount of Liberty bonds alleged to have been stolen from banks at Baileyville, Newton, Bartlett Benton and other Kansas banks.

GENERAL PERSHING LEADS PARADE

People of Capital Pay Tribute To Commander of American Expeditionary Forces.

Washington, Sept. 17.—Hoarse with cheering, Washington rested tonight, satisfied that it had paid full honor to General John J. Pershing and fighting men of the First division.

The nation's Victory was over. For nearly three hours a rolling flood of soldiers, of guns and horses, of tanks and motor trucks had poured up Pennsylvania avenue, without check or halt, to pass the reviewing stand, where stood Vice President Marshall, representing President Wilson. The wide street ran bank full with its living tide of fighting power and organization, and as the great pageant was unrolled before their eyes the hundreds of thousands of people who formed those banks roared and shrieked with pride and approval, the sound of their cheering slowly dwindling at the end, but only from physical exhaustion.

General Pershing was carried forward along the whole line of march as though on a wave of sound as the nation and the city gave him his formal greeting. To no American since Admiral George Dewey came home in triumph from Manila has such an ovation been tendered. Nor has the end yet come, for tomorrow congress will formally add its tribute to that of the city and the nation and, with business put to one side, tender the expeditionary commander a formal reception at the capital.

TELEPHONE RATE HEARING AT CAPITAL

Sixty-seven Missouri Cities Protest Against Continuance of Burleson Rates.

The state public service commission held a hearing at Jefferson City the first of the week in the matter of the Southwestern Bell Telephone Co., continuing the Burleson rates. Sixty-seven Missouri cities are affected, one of which is Monett. City Attorney John T. Burgess represented Monett at the hearing.

The public service commission filed a petition requesting the telephone company to show cause why the rates in force by Secretary Burleson should not be suspended and placed back to their previous amount since the telephone system has been returned to the owners.

Nearly all the cities involved were represented by their mayors or by their attorneys. The cities employed Attorney Hamilton, of St. Louis and Fred Moon, of Springfield to look after their interests. The telephone company was represented by J. W. Glead, of Kansas City and D. A. Frank and T. O. Stocks, of St. Louis.

The telephone company submitted many figures to show that the increase in rates was necessary to proper maintenance of service.

The case at Jefferson City was a general hearing and individual cases of cities will be taken up by the commission later. It will probably be some time before the matter is definitely decided. In the meantime telephone users must pay the higher rate.
